To Whom It May Concern,

A Star Decorators have worked for us as a contractor for a number of years. In the time that they have worked for us we have been extremely pleased with the quality of their work and their professionalism.

A Star have undertaken a variety of work for us from domestic to larger commercial work packages. Their documentation and approach to health and safety has been checked and approved by our Health and Safety Manager who has gone so far as to commend them as a contractor and praise their safe working systems to senior managers.

The quality of their work, flexibility and willingness to put themselves out to meet tight timescales has been excellent. If any issues do occur their response time and willingness to put things right is commendable as is their paperwork and internal organisation.

We would have no hesitation to recommend them as a contractor and are quite happy to act as a reference for potential clients.

Kind Regards,

Jenny Mauger
Building and Maintenance Manager
